I don't believe he himself shared anything - I think Humane was in charge of that - but will double check with him to be sure. Will keep u posted either way.

Thanks - Amy

Amy -

Could you pull together what data/information, if any, Bill has provided to Cabot? Humane is pulling together info to the tune of "who shared what info with whom, and when" in prep for responding to potential Qs that may come later this week.

Thanks!

Jennie

THIS MEMO MAY CONTAIN PRIVILEGED ATTORNEY-CLIENT COMMUNICATIONS

Hi Jennie, Thanks. Per my vmail, do you know if Bill sent this to Cabot? Do you know what docs were sent to Cabot and when? I still need to check my emails to see if I was copied, but if you know, that would be great. Thanks again!

Subject: Dimock Survey Information

Mike - Per our conversation tonight, here is the list of 8 initial residents where we are likely to do additional sampling (there could be additional locations in the future). We are also determining if there is a need to have alternate water supplied during the sampling activities. However, there are some additional reviews we need to do before a final decision is made. EPA will ultimately need to make the decision on the appropriate path forward, but I want to make sure you are in the loop, and interested in your thoughts. Please let me know if you have any questions.

Thank you - Shawn
